

Source-Nexus Core Audio Driver 1.1

Source-Nexus Core Audio Driver is a free virtual audio driver with sample-rate support from 44.1khz up to 192khz.

The driver is provided for free use - no license is required.*

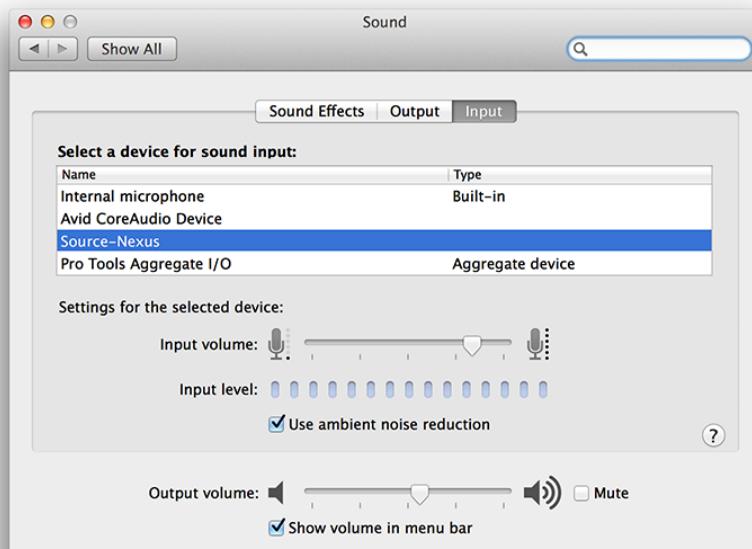

For plug-in integration with Pro Tools AAX, see:

<http://source-elements.com/source-nexus>

Installation:

Double-click to install the Audio Driver. You may need to close any Audio applications first. You should now see Source-Nexus in your OSX Preferences->Sound panel.

If you do not see this, simply restart your Computer.

** This audio driver is distributed in the hope that it will be useful, but WITHOUT ANY WARRANTY; without even the implied warranty of MERCHANTABILITY or FITNESS FOR A PARTICULAR PURPOSE. Technical support is not provided for free software.*
